
Principles of Dialysis 2000

NEW...
Dialysis Home Study Course

*...reaching the world through quality
education*

Provider Information

Hemodialysis, Inc (**Hi**) is the educational provider and is approved by the California Board of Registered Nursing (BRN), Provider Number CEP2359. **Hi** is a licensed end stage renal disease (ESRD) health-care corporation in Southern California.

Attention Non-Californians

Not all states have a BRN. Almost all states (not all) accept contact hours issued by providers approved by the California BRN. A non-Californian should verify acceptance of these contact hours with their state licensing authority or BRN *prior* to purchase.

Educational Growth Product

Many health-care employers use contact hours certification to evaluate their employee's for annual advancement and educational growth.

The Author

Joanne D. Pittard MS, RN is the author. The concepts and graphics of this publication are derived from Joanne's training manual Hemodialysis Nursing, Sixth Edition, Version 6.8. This manual was first published in 1987 as an outline of lecture topics and course objectives for the dialysis nursing course "Hemodialysis Nursing."

The Course

Joanne has taught this course at the community college in Glendale, California since 1975. This is the oldest college level RN program of didactic and practical dialysis education in the United States of America.

Principles of Dialysis 2000

Pinciples of Dialysis 2000 is a one hundred twenty (120) page monograph[†]. This home study course reviews the principles of dialysis therapy for treating patients with End Stage Renal Disease (ESRD). Ideas and principles in this monograph provide the reader with information applicable to almost all areas of dialysis therapy. The major emphasis is on hemodialysis and its aspects of the dialysis environment, principles and the dialysis treatment.

Monograph Highlights Include:

- Access to the Circulation
- Acute & Chronic Renal Failure
- Anticoagulation Therapy
- Application of Diffusion
- Dialysate Solution
- Dialyzers
- Glossary of Terms
- Principles of Hemodialysis
- The Hemodialysis Prescription
- The Hemodialysis System
- Ultrafiltration
- More than **50** Illustrations, Formulas, Graphs, and Tables

[†] *Monograph n.* A scholarly writing or essay on a specific subject.

Earn 30 Contact Hours ...of Continuing Education

The contact hours will be awarded by Hemodialysis, Inc. in four (4) weeks or less after receipt of the post test and registration form. If you fail the test, you may submit another answer form within thirty (30) days with no surcharge.

Publisher Information

This monograph is published by Hemodialysis, Inc (Hi). Hi's principle missions are to provide excellence in patient care and to provide and foster quality education for ESRD personnel.
