Dialysis Data

Joanne is a Professor of Allied Health at Glendale Community College (GCC) in Glendale, California. She is the program director of the hemodialysis-training program at GCC and has actively taught both didactic and practicum since 1976. This puzzle uses words and definitions commonly used in dialysis. This puzzle is available at www.Hemodialysis-Inc.com as an electronic document and interactive online computer program.

ACROSS

- 1. Gram-negative bacteria in water
- 8. To compute
- 14. Strong desire
- 15. Abbr amount of blood ultrafiltered by human kidney per minute
- 17 In or near an area
- 18. Color of blood
- 19. Elevated railway
- 21. To exist
- 22. Expression of sudden pain
- 23. Abbr instrument that records electrical activity of the heart
- 25. Number of particles in a known weight
- 30. Intestine or stomach
- 31. Difference in solute concentration between blood and dialysate
- 34. The heart stops
- 36. Abbr millimeter
- 37. Abbr insulin shock therapy
- 38. Slang for nothing
- 40. Abbr blood pressure
- 42. Opposite of stop
- 44. Destruction of most bacteria by a chemical or soap
- 45. Substance capable of destroying all organisms through contact
- 50. Abbr for HCFAs replacement
- 53. Used to disinfect the fluid delivery system
- 54. Signal or prompt
- 55. Tendency or direction
- 57. To be sick
- 59. Abbr American Society of Nephrology
- 60. Communicable
- 63. Abbr year of birth
- 65. Abbr Hemodialysis, Inc
- 66. Embolism that obstructs a blood vessel
- 68. Garland of flowers
- 72. Abbr chronic, progressive, permanent kidney damage
- 73. Abbr for popular gas sterilant
- 74. To clean, sterilize and reuse AKs
- 78. To do tatting
- 80. Abbr identification
- 81. Light slender boat propelled by paddles
- 83. Abbr for one-tenth of a liter
- 84. A goal
- 86. Abbr Certified Nephrology Nurse
- 87. Liquid, greasy substance
- 88. Check or adjust by comparison with a standard
- 89. Abbr intravenous
- 90. Alarm with a flashing light
- 93. Symbol aluminum
- 94. Tavern or restaurant
- 98. RBCs shrink and crinkle when exposed to a hypertonic solution
- 99. Button that silences audible alarm
- 100. Movement of water across a semipermeable membrane from a low to high solute concentration

© 2003 Joanne D Pittard

- 1. Substance that produces a fever
- 2. Perceive with the eye
- 3. Cell wall products from gramnegative bacteria
- 4. Think, believe or judge
- 5. Medical Doctor
- 6. Christmas
- 7. Abbr liver enzyme
- 9. Abbr artificial kidney
- 10. Against
- 11. False statement
- 12. Attached label
- 13. Abbr Eastern time
- 16. Abbr popular water treatment
- 20. Conductivity alarm with empty dialysate concentrate container
- 21. Precautions that use gloves, protective clothing and face wear
- 24. A dissolved positively charged particle
- 26. Unable to move
- 27. Variation between stated limits
- 28. RBC destruction with release of hemoglobin into plasma
- 29. Slang term for dialysate
- 32. Abbr intramuscular

- 33. Precautions used when handling blood and body fluids
- Abbr slow growing bacterial disease in the lungs
- 39. Abbr identification
- 41. Abbr postscript
- 43. Killer whale
- 46. An object
- 47. Abbr fluid compartment outside of cells
- 48. Consequence of long term hypertension
- 49. Elevation in body temperature above normal
- 51. Symbol electrolyte in dialysate
- 52. Registered Nurse
- 53. To coagulate
- 54. Removal of a virtual volume of a substance from blood by the real or artificial kidney
- 55. Expression of thanks
- 56. The letter n
- 58. Solution with a higher osmolality than body fluids
- 61. Likely to cause an infection
- 62. Abbr ultraviolet
- 64. Tubing which transports blood to AK during dialysis

- 65. Released from cells as a result of allergy or injury
- 67. Abbr identification
- 69. Abbr origin
- 70. Abbr arterial pressure
- 71. Opposite of yes
- 75. Excess fluid in tissues 76. Prescription for medicine
- 77. Formulation of 4.5% peracetic acid, 28% peroxide and 5-6%
- acetic acid 79. In or near an area
- 81. Symptom caused by rapid decrease in blood volume during dialysis
- 82. Opposite of off
- 85. Abbr professional organization of nephrology technicians
- 91. Expression of doubt
- 92. Give permission
- 95. Abbr near
- 96. Symbol for calcium
- 97. Abbr millisecond
